G 7

My wish is to be a singer. I will really want that to come true. I really love to sing. But I'm a really shy person that's why I did sing in the talent show. The other reason I would like to see my dream come true cause I know I can sing. How it would change the lives of others is that they can get money from me when ever they need it. I like the people that's homeless I can give them some money. How it would change my life is I can get anything I want. I can get to be on T.V. I can get to show voice out to every body. I can then I get to meet me it that will be a real good thing. Well that's my wish that's what I want to do.

Score Point: 2

This response is considered flawed. A low degree of proficiency is reflected. The writer states a special wish (to be a singer) and provides reasons for this wish to come true (I really love to sing, and it would change my life and the lives of others). The writer provides some general development of these reasons, but there is little detail. In addition, the response is weakly organized.
